

The BOX Seat 901 Model and 908 Model were selected to upgrade this iconic stadium, home ground of PSV.

**PSV EINDHOVEN**

The Philips Stadion is the home ground of PSV. This beautiful, modern stadium is located in the centre of Eindhoven, in exactly the same place where the sports park was located when the Philips Sport Vereniging was founded in 1913. It's all-seater capacity is 35,000.

The BOX Seat 901 Model and 908 Padded were chosen to refurbish this iconic stadium, upgrading the comfort and durability for many successful football seasons again.
