

The North End is home to the '3252' supporters group, so named for the number of our 901 Model seats in this section. Nice fact, right?

# BMO STADIUM LOS ANGELES FC

BMO Stadium is the home of Los Angeles FC and Angel City FC, with a seating capacity of 22,000. Opened in 2018, it was the first open-air stadium built in the City of Los Angeles since Dodger Stadium in 1962.

The stadium's seating is at 34 degrees, which makes it among the steepest in Major League Soccer. To offer maximum crowd safety with these steep angles, this stand is fitted with Safe Standing Rails.
